Try our newly redesigned tracking.

YOU SPOKE. WE LISTENED.

Your voice is being heard. Our new tracking features are a direct result of the invaluable input provided by our customers to our previous tracking process.

New Tracking Features

“I want to quickly scan and see my status.”

STATUS AT A GLANCE

Our new, streamlined look gives you real-time status anytime, anywhere.

1. Quickly filter through your AWBs.
2. Track the progress of your shipment.
3. See real-time status updates.

“As we speak, we listened.”

SIMPLIFIED CONTENT

We’ve streamlined the information displayed, making it easier to see your shipment status every step of the way.

1. Find what you’re looking for.
2. Get instant access to all essential information.
New Tracking Features

“I would like simplicity without a bunch of links and pages.”

ONE-CLICK ACCESS

With our new, enhanced tracking, one click is all it takes to have fast access to the content that matters most.

1. Switch seamlessly between organized content.
2. Easily access comprehensive, detailed descriptions.

“I want my cargo status to be clear and to the point.”

SCANNABLE INFORMATION

All the information you need to track your shipment from start to finish is well-organized and easy to digest.

1. See multiple AWBs at a glance.
2. Click once to reveal detailed information.
3. Select flight number for even more detail.

Improving the way you track shipments.

See how the words of customers like you inspired us – log in and track your next shipment quickly and easily anytime, anywhere.
