

India's Central Board of Excise and Customs (CBEC) Fees

India's Central Board of Excise and Customs (CBEC) implemented new regulations and requires electronic data to be submitted via the Indian Customs and Excise Gateway (ICEGATE) for all import shipments to India. Since all Master Air Waybill (MAWB) and House Air Waybill (HAWB) information must be transmitted electronically to ICEGATE, AA will require complete HAWB information at the time of acceptance. If the Shipper has been authorized to transmit electronic data and opts to transmit the information directly to ICEGATE, AA will not assess a fee. However, if the Shipper requests AA to transmit the electronic information to ICEGATE and the HAWB data does not exist at the time of acceptance, a manual data entry fee will be assessed.

The following CBEC fees will be assessed at origin for both online and interline shipments and will be applicable to all AA (001) Air Waybills. **Shipments requiring manual data entry that transit the U.S. to India will not be assessed a U.S. Customs and Border Protection (CBP) fee.**

CG (EDI Processing): When the Shipper transmits FHL/2 information to AA and AA transmits it to CBEC
 CC (Manual Data Entry): When the Shipper presents documentation and AA manually inputs and transmits to CBEC
